Most days,
I wish I was a bird.

A bird
can see everything.
Another perspective.

You can stop
in one place
and just stay there.

You can fly wherever,
Amsterdam.
New York.
Tokyo.

Go to Disney, whether in
California,
Florida,
Paris.

You see the whole world.
Walk on the great wall of China.
Sit on top of the Cheops Pyramids in Egypt.
Visit the old Maya ruins in Mexico.

They don't have to wish,
Because they just do.
A bird?
The actual King of the animals.
